AREA COMMITTEE REPORTS

RCM REPORT: Landon – (written report, please note: there are additional attachments in a separate file)
I have been notified by our Regional Delegate that there are 4 service pamphlets that World needs input on I have drafts of these pamphlets today. We need to look these over tonight and give our input, so that I can take any suggested changes to Region next month. I also have the first draft record of WSC 2008, which includes the results of the motions we voted on. I will go through this separately from my report. I also need to know what the groups have decided as far as the Regional meeting booklet, whether they are willing to pay 25 cents each and how many are needed month to month. Also, I would like to remind everyone that Central is holding S.C.O.R.E on May 30th. Campvention & a women's retreat are also coming up soon, please make sure these events get back to the fellowship. We are asking them to support our convention, so we should also be willing support other Areas & Regional functions. This is all I have to report at this time. In loving service, Landon
Also, know that the 6th edition of the Basic Text has been approved with slight changes to the index.

WEB SERVANT REPORT: Michael – Our web site www.suana.org has been operational for the entire 2008 year. There were no reported outages to date thus far in the 2008 period. Web usage (as unique visits/hits) for March 2008 was not able to be determined due to the changeover of my personal Info west account. They did send me a report which stated we had **6480** hits for the month, but I am having a hard time believing that number. June will have a similar problem... But I have taken steps to continue to receive accurate hit counts for future months. I appreciate your trust, faith, and as always your corrections.

SUACNA: Randy – Moving right along trying to tie up loose ends for our Convention.
